

# Welcome to HaloGuard

Welcome to the new 2024 HaloGuard Smart Alarm powered by Samsung! The new HaloGuard App is now available on the Google Play Store and the Apple App Store. For a comprehensive set up guide please visit [www.haloguard.co.nz](http://www.haloguard.co.nz)

## Setting up your HaloGuard SOS Alarm:

### On Your Watch

Step 1: Turn on the Watch.

### On Your Android Mobile Device

Step 2: Launch the Galaxy Wearable app on your smartphone. (Note: If necessary, download or update the Galaxy Wearable app to the latest version).

Step 3: Tap on Start.

Step 4: Select your Watch on the screen.

Step 5: Follow the on-screen instructions to complete the connection. When completing the connection, tap on START and follow the on-screen instructions to learn about the Watch's basic controls. Make sure you are signed into both your google account and your Samsung account.

Step 6: Download the HaloGuard App on your Android phone and sign up.

Step 7: Once your account is authenticated, log in using your mobile phone number, accept all app permissions, and add your guardians through the My Guardians page.

Step 8: Download the HaloGuard app on your Galaxy Watch and sign in with your cell phone number. Please note, do not use a 0 at the start of your number when signing in. Agree to all the watch app permissions.

Step 9: Go to Watch settings > advanced features > customise buttons > double press > set as HaloGuard.

Step 10: Practice test alarms with your guardians

If you require any help with how to set up and use your HaloGuard alarm please contact us on 0272626644, or email us at [info@haloguard.co.nz](mailto:info@haloguard.co.nz)
